

The Sheboygan Yacht Club October 2020

Commodore's Comments

Well it certainly has been a challenging and strange fiscal year. With not only the pandemic giving our operations challenges, we have been challenged with the high water once again. Last month we put a challenge out to the membership to match half the cost of the erosion repairs needed to the southeast corner of the property. Once again, the membership has exceeded the expectations and beat the challenge. Thank you very much to everyone that supported this project.

The past two years as commodore have been both rewarding and challenging. We replaced both the flooring and roof in the past two years which should last us for many years to come. We recovered from high lake water challenges, replacing all the damaged pier brackets on the auxiliary pier, and will have repaired the landscape on the southeast corner of the property by mid-October. The Covid-19 has created the most unusual challenge, shutting down the club for two weeks and limiting our ability to serve our members to carry-out for weeks. The board, officers, and club management have stepped up the challenge, offering members a different experience giving our members a place to social distance outside with great cooperation from mother nature and, of course, our membership.

I want to thank all our officers, board members, committee chairs, and committee members for their support over the past two years—teamwork is what makes this club enjoyable. I also want to recognize all who volunteer their time to work on the jobs both large and small that keep our club affordable. I look forward to seeing everyone at the club in the coming month. Thank you for the trust you have put in me over the past two years.
